HIGH BUILD

FAST RENDER

DRY TEXTURE

M-TEX is a range of modified exterior render and texture system delivering the same premium quality and long lasting value you expect from Masterwall. Made in Australia and developed to perform in the harsh Australian climate, the M-TEX system’s range of stunning textures and finishes beautifully transform any home.

M-TEX System

Our premium quality exterior coating system, offering a range of fashionable finishes with industry leading performance and durability characteristics.

M-TEX Solutions

The Master A.R.T range includes complete systems for a wide range of walling substrates.

Whether coating traditional brick, concrete, fibre cement, foam or lightweight concrete (AAC), M-TEX has a system to suit.

MasterWall also supply a wide range of walling panels, fixings, tools and accessories including masking and jointing tapes, plastic and metal beads, brushes, rollers, trowels, floats and drop sheets. Perfect for application of the full range of Master A.R.T products.

Primers

Priming is the “Key” to a great finish...

Good surface preparation is the foundation of coating performance and system durability.

Cutting corners can be disastrous; prepare well and enjoy the benefits for years to come with our range of M-TEX primers.

Base Coats

Masterwall Australia offer a range of high build and skim coat renders incorporating flexible polymers and additives to enhance performance and application.

Simple easy to use 1 bag solutions - just add water.

Add cement to our Coarse Patch for recessed joints and beads and skim the surface with our Fine or Coarse Patch for a perfect and consistent finish.

Texture Choices

A superb range of quality Texture finishes is available. The only limit is your imagination!

Whether you prefer our premium Marble finish, the rugged charm of the Platinum range or the sparkle effect of our Sapphire texture coatings, we have the perfect texture for you.

Master A.R.T’s durable and convenient range of Roll-On, Trowel-On and Scratch Textures provides choices and finishes for all applications.

All M-TEX texture coatings can be tinted in a massive range of colours.

Finish with Colour

Add our premium Masterflex exterior paint to finish off a perfect job and provide a durable, flexible, UV and weather protected finish.

Alternatively, Masterflex will provide the Ultimate protection offering peace of mind with its 10 year warranty.

All our products are water based offering low environmental impact and easy clean up.
